

BOT-ALL COSMOS

Description

The Cosmo bottle is expertly crafted from premium 18/8 stainless steel, a 304 food-grade material known for its excellent rust resistance, ensuring durability and maintaining beverage flavor. Approved by both the FDA and EU, the material is non-toxic and safe for beverage storage. With a generous 600 ml capacity, it quenches your thirst, while its convenient 65mm diameter and 240mm height make it easy to carry on any adventure.
